Introduction

The Boarding Community at Reading School is a fantastic and eventful place in which to live.

We have around 86 boarders from Years 7-13 in two boarding houses, East Wing and South House.

Living as a boarder in Reading School provides an exciting and new environment that welcomes all to boarding for all ages within the school and we boarders are writing this, so you know what to expect in advance! You might be a bit scared of boarding but there's no need. Everyone looks after each other here – a bit like brothers and it's certainly the case that everyone wants to help you out. We reckon we study better than if we lived at home and have more fun too!

Top Tip

Read this guide and get your parents to email in advance if there's anything you're not sure about.

In this guide we have tried to give you a backstage pass on how stuff works, so you know more clearly what to expect when you arrive.

We've also written a bunch of 'top tips' giving some useful advice. We hope all this helps you prepare for life at Reading School!

Need to know

Each Boarding House is run by a Housemaster and a Deputy – they live on site and are pretty much always available! Mr Betteridge runs South House with Mr Blade and Mr Sanchez runs East Wing with Mme Fondu.

They are all extremely welcoming and live in the boarding houses too. If you are ever in trouble, you can always go to the prefects first, but do speak to the Housemasters, Deputies or Matrons if you are ever worried about anything!

If you feel unwell, inform one of our Matrons or the member of staff on duty as soon as possible. The Matrons are pretty cool - Nikki in East Wing and Karen in South House. They are really easy to chat to (but don't ask Karen to sing!). They give medicines or treatment when we're ill but also keep us together! They are always in the house, at break time too, so it's easy to tell them anything that's on our minds.

There are also House Tutors who all have a duty day each week. That means that they run clubs, supervise your homework time, run various activities and put you to bed. They are all teachers in the school, and you will get to know them very well. They will always carry the duty mobile (the number is printed everywhere - you should always have it in your contacts on your mobile just in case you need to contact a member of staff).

Top Tip

Listen to the Prefects! They actually have some pretty solid advice and know exactly how you're feeling in those first weeks after you arrive!

If you are worried about anything, having a hard time in school or missing your family there are many people you can talk to. The older boys, the staff and the Matrons can support you and they'll always be there if you need to talk to somebody. Each house has a bunch of prefects and a House Captain. They take a lot of responsibility and are always willing to give advice, help with homework or have a chat.

Settling in

For most people settling into an unknown environment can be hard. Many questions can be asked such as: "Where do I go for lessons? Will I get lost? Will I be late? Will I get punished for being late? What's the routine?"

Really there is nothing to be worried about. You'll find you settle in by around the second week, and you'll have the routine sorted. There is no need to be anxious or lose sleep over settling in; it's a piece of cake!

When you start, you'll have an older boarder who looks out for you (usually they're senior prefects) and meets up from time to time to check on you. Tutors also check you are on top of homework and remind you to pack your bag the night before, as well as helping you get to know the rest of the boys in the house. Nikki and Karen will help you feel comfortable and confident. You'll be given all the information you need during your induction with the Housemasters, Deputies and Matrons.

You'll also have a buddy from the year above when you start so if you have a difficulty, they'll help you out.

The boarding houses aren't that big, so it won't be too long before you know it like your own home, and you know all the other boarders by name too.

We think it's wise to get to know as many of the other year groups by joining in the evening clubs and activities, it's the best way to make friends outside your year.

Top Tip

The bottom bunk makes Big Laundry so much easier, but the top bunk is the best!

The Daily Routine

Although occasionally it changes, this is the normal daily routine.

There is a bell in the morning. The bell rings at 07.00. This time the Housemasters and Deputies will go round and make sure you're awake.

The best thing to do is to sit up when they come round and say that you're awake in the most energetic voice you can do. When they leave, try not to go back to sleep! – you may try to sleep through it but you're mobbed by other boys asking you if you have a spare tie. Normally younger boarders have more energy than older ones – if you find it easy to wake up on time you can go for a shower from 7 – but don't be too noisy or you'll make the lazier boys grumpy!

The refectory doors open at 07:30 and breakfast ends just before 8. You must be in for breakfast by 07:45 for notices, so don't be late or you'll get a sanction such as having to help with wake-ups the next day! You can leave breakfast any time after 08:00 once notices are done and you can clean your teeth, get ready for school or chat with your friends. It is a good time to check you have everything you need for the day, because after registration we aren't allowed up to our rooms until the end of school!

After breakfast you have form time at 08:20 and from then on you're pretty much a day boy until 15:25. You'll probably have to leave the boarding house at around 08:15 to be in form time for 08:20 – don't be late, boarders get really told off for being late because we've not got an excuse!

At 10.05 we have break where you can either have toast in the boarding house or food in the refectory. There are other snacks too like cookies and bagels... mmmm. Lunchtime is at 12.00 and we get food from the refectory. One of the cool things about being a boarder is that you can get your food back to the house and catch up with your friends or speak to Nikki and Karen while playing a game of pool! You have to use your fingerprint but a main meal with either a salad or a pudding is "free".

Top Tip

The bell rings at 07.00, but if you find it difficult to get out of bed in the morning, you can wait for a member of staff to wake you up at around 07.10.

After that you are free to do anything, you want to, for example, you can go to the hospital shops, the Triangle (made up of a Co-op and some other corner shops) or town (to look round the shops or meet up with some friends– this is mainly for the older boys but it is good to know!). You can only go to town when the Staff say yes and after you have been trained! Or you can stay at school, whether to play football, cricket, rugby or any other activities on site. Some of us like to read or play games in the common rooms – but it’s always good (and expected!) to go to at least one organised club a night, it’s great to do something different every day. It’s very important that you get involved with all the clubs, it’ll help you to get to know the other boys better!

Dinner starts at 17.30 and ends at 18:00. After dinner you are free to do anything, you want until 18.15 when you do your prep. Prep runs from 18.15 – 19.45, except for on swimming days which prep ends at 19:30. Make the most of this time – or you’ll find yourself getting behind and you’ll have to catch up when everyone else is having fun.

Then you have Prayers, which is a meeting where announcements are said and any house-related questions are answered. After Prayers again you have time for a second club.

Bedtimes are as follows:

For Year 7s bedtime begins at 21.15.

For Year 8s bedtime is at 21.30.

For Year 9s bedtime is at 21.45.

For Year 10s bedtime is at 22:15.

For Year 11s bedtime is at 22.30.

Seniors (Sixth Formers) have to be in their rooms by 22.30. If you're in a younger year and

you haven't quite got to sleep yet keep quiet while the staff are patrolling!

Top Tip

Pack your bag before bed so that you'll be organised and ready for the next day as soon as you wake up – it saves a load of early morning stress!

Don't exhaust yourself by staying up too late – but most staff are ok with us whispering for about fifteen minutes after lights out. In the summer, when exams are over, the routine changes slightly. Prep is only from 18.15 to 19.15 and bedtimes are moved to the time of the year above but you will find out more when the time comes.

Food

Both boarding houses eat together for all three meals of the day, with a large choice of meals.

For breakfast, we have cereal, toast and porridge available daily, as well as a cooked breakfast or a pastry. A firm favourite is Wednesday when we always have a Full English!

There's unlimited toast, fruit and cereal – but you're expected to just have one cup of fruit juice. Probably to save bills at the dentist!

At lunchtime you can just grab a snack from the 'grab and go' if you want so you can keep playing with your mates, or you can also enjoy a tasty main from the refectory. As boarders, we have the privilege of being able to choose whether we'd like to have this in a takeaway box to enjoy in the boarding house or eat with the day boys!

Dinner is everyone's favourite meal of the day, mainly because of the delicious assortment of puddings. The most popular ones include chocolate cake! That's not to say that the main courses aren't delicious too. Older boys get really cross if the younger boarders throw any food away – so be sure to only get the portion size you need!

Top Tip

Always arrive in with enough time to have dinner first, so you can get the biggest choice of seconds.

Weekends

The boarding houses are quite busy during the week but we will go home by 6pm on Fridays.

Whenever you leave the boarding house, you need to sign out on the iPads. This is very important you do this because we need to know who is in the house. Honestly – this is probably one of the most important rules and staff do enforce it harshly – but if we're good and everyone signs in and out really well for a decent length of time, sometimes Mr Betteridge or Mr Sanchez will buy us pizza!

At the weekend it's worth taking some exercise books home to show your parents, so they know how you're getting on. Make sure you're not too tired, as it makes your parents think that boarding is not so good! Parents always want to know how the week has gone, so make sure they sign up to the boarding social media accounts. That way they won't have so many questions to ask! And don't forget to ask them to sign your planner!!

Top Tip

It's always good to leave your room super tidy on Friday so you can start your week with no worries.

Prep

As in any normal school, we are given prep (or homework) during the day. We have 1.5 hours after dinner in which we are supervised by staff.

Make sure you focus getting one task at a time and prioritise the bigger and more urgent assignments done first. You should always be prepared to give up part of your evening if an urgent task isn't done. 1.5 hours is almost always enough in the first couple of years but be ready to work extra hard to prepare for exams in May.

Top Tip

If you can, try and get homework done on the night it is set. This honestly saves loads of time and worry!

Make sure you bring a book to read in case you finish everything.

It's a good idea to email your teachers sometimes if you need extra help with a task or don't understand – but if you're scared of that ask a boarding prefect or a member of staff. Some of the staff run special sessions to help with any problems in their subject – for example Maths clinic. Honestly, it's not great fun, but it's better than getting a detention!

The Older Boys

The older boys have a lot of responsibility in the boarding houses. They're super involved and great role models! They expect appropriate respect.

Top Tip

Respect the older boys (all of the boys to be honest!) and they can help you out with things (e.g. tricky Music prep).

Every year a new House Captain will be appointed by the younger years of the house. The House Captain gets a much bigger room. But he is also in charge of leading a group of prefects that make our boarding experience so fun. Our House Captains and Prefects are just amazing!

The Staff

Here is a quick run-down of some of the Boarding staff:

Mr Betteridge

Mr Betteridge is in charge as Housemaster of South House and lives on site with his wife, Bex, and son, Levi. He is pretty chilled and is always helpful when it comes to Maths or Tennis. He loves being around and will always support South Africa when it comes to rugby!

Top Tip

Try and stay on the good side of staff as that gives you extra brownie points if there are treats going.

Mr Sanchez

Mr Sanchez is the East Wing Housemaster.

He is a Spanish and PE teacher and always tries to do what he can for us as a Housemaster. He lives with his wife, Maria, and his two kids, Bruno and Claudia. He needs his sleep so don't make noise above his house!

Mr Blade

Mr Blade is the Deputy in South House. Mr Blade is from Australia and is very cool. He is also the Head of Cricket, one of our favourites! Mr Blade lives with his fiancée Cat and his two cats, Martha and George.

Mme Fondu

Mme Fondu is the Deputy in East Wing. By day Mme Fondu is an awesome French teacher and by night she checks on us during prep if we need help or a chat. Mme Fondu organizes the most amazing trips that you can imagine!

Karen

Karen is the Matron in South House. She's nice, but don't let her sing AT ALL COSTS! Also, label your laundry or she might lose it! Karen is super nice and really supportive when we are feeling down.

Nikki

Nikki is the backbone of East Wing and is really good if you're ill. She's pretty organised and does room inspections every day, so you'd better keep things tidy! She runs the show leading our Prefects and loves chatting to us!

Kathy and Eva

Kathy and Eva are our laundresses. Make sure your clothes are all named to make their life easier! They are very important to us and help us look smart!

Boarding Tutors

We have a wonderful team of boarding tutors that have one duty shift a week.

They all offer something unique and amazing to the house, running a variety of different clubs, from sports clubs such as football, table tennis, cornerball (my personal favourite!) and fitness suite to arts-and-crafts based clubs such as origami, bracelet-making and manga drawing for you to exercise your creative prowess!

Make their lives easier by putting your phones in the phone away and going to bed at the first time of asking, and they are sure to return the favour by making your afternoons in boarding a blast!

Rewards and Sanctions

There are way more rewards than sanctions in the boarding house, awarded by staff. Merits can be given for lots of things like good behaviour, good schoolwork, helping other boys and community work.

The year with the most merits per person after every term will receive an evening treat. This means we go out for ice-cream or waffles!

There are also a few sanctions, and the main one is community service where the staff on duty will ask you to do something that benefits the whole house - often helping with tidying up!

Staff can give any sanction but they don't give out that many as we are so good! they prefer to give merits!

You don't really need to worry about sanctions – just keep to the rules, look after your mates and don't make too much mess! Pretty much as long as you are safe everyone is happy and you won't get sanctioned – so just be sensible!

Top Tip

Scrounge for as many merits as possible... it's always worth a shot.

The rewards are pretty good, from a trip to town to ice cream night! It is just so amazing!

Activities

If you're a sporty guy, then we have plenty of activities for you to enjoy, such as cricket nets, football, basketball, fitness sessions and some of our own games like ghost and cornerball.

If you just want to have a bit of a laugh and some fun, we have softball which is always very enjoyable and amusing as we often make complete fools of ourselves.

However, if you're not particularly into sports then we have board games, bracelet making, manga drawing, and cooking club as well as music practice space and tons of computers. Clubs change throughout the year based on popular demand and there are more outdoor clubs in the summer when the evenings are light.

Top Tip

Always try and convince your mates to join in with activities as they're way more fun with more people!

For the seniors, we also have senior football on a Tuesday night, where we love to have intense matches down at the 4G pitches down by the University, paid for by boarding. People of all abilities are welcome, so join us when you can!

One of the coolest things about clubs and activities is that we have a say on them. The Student voice team will have termly meetings to change, adapt or introduce new clubs, so if you have new ideas, please share them! One of the sixth formers is also a prefect dedicated for collecting your input on clubs and helping to organise the schedule.

Town

We are allowed to go into town in groups of 3 or more, but we need to inform the member of staff on duty. We mainly go straight after school and arrive back at school just before dinner. There are many things you can do in town.

Older students can go to town by themselves and at later times. They also have access to Buzz Gym within town as the memberships for sixth formers are generously paid for by boarding.

You can go to the Oracle, go shopping or go to the cinema. To get to the station you have to go through town too. It is about 15 minutes' walk away.

Top Tip

Don't be late back from town; it's not worth the chat from Mr Sanchez and Mr Betteridge! A good idea is to time how long it takes to walk in and use that as a basis for when to leave.

Trips

In boarding we have our own trips, separate from the day school. There are usually 3 per year (one each term).

For example, we went to see a play in a London theatre at Christmas, and we went paintballing in the summer which was epic! You will love it when you get to pummel your Chemistry or Maths teacher with 200 paintballs...it's our way of getting them back!

A Thorpe Park trip is also a classic that keeps coming back because everyone loves it!

Mme Fondu is the one in charge and is always amazing at organising stunning trips for us, so make sure you say thank you to her!

Top Tip

Boarding trips are awesome but remember to bring your own cash for extras i.e. paintballs and snacks

Special occasions in boarding, such as birthdays, are always celebrated in some way if they fall within term time. We are allowed to go out with friends to the cinema or to have a meal with our family. Also extensions can be given by members of staff so you can finish a movie you may be watching or a TV show like “The Apprentice” or a Champions League game.

Birthdays are also celebrated at the end of each month with doughnuts and a song from the rest of your boarding house.

Top Tip

Birthdays are always celebrated in boarding but you get major kudos for bringing in a cake!

At Christmas a large three course meal is hosted in which old boys return and staff tell stories. It is also the time when the Christmas Play is performed by the new boys – that’s a chance to take the mick of the staff and is epic!

Uniform

The school uniform is a shirt, a house tie, a grey jacket and grey trousers. For sixth form, the suit can be navy or black. You are expected to wear it to breakfast, but you can change into your own casual clothes straight after school.

Top tip

Hang your uniform up after school or it'll get well messy and you'll end up permanently scruffy (I was like that for three years!!!)

Top Tip

Make sure you bring a laundry bag as it means that you just need to stuff all your dirty stuff in and the staff will be impressed with how tidy your room is!

Laundry

We have our own laundresses in boarding, Kathy and Eva, so washing gets done daily. You put all your socks and undies in a laundry bag and then into the laundry bins downstairs. Other clothes get separated into darks and lights to go in the laundry.

Big laundry is every other week. This is where the whole house puts their bedding in for washing.

Be sure to have all of your clothes labelled clearly. This makes them come back to you much quicker.
