The Management of Student Behaviour

Legislation and statutory requirements

This policy is based on advice from the Department for Education (DfE) on:

- [Behaviour in schools: advice for headteachers and school staff 2024](#)
- [Searching, screening and confiscation: advice for schools 2022](#)
- [Keeping Children Safe in Education 2026](#)
- [Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement 2026](#)
- [Behaviour and discipline in schools](#)
- [Searching, screening and confiscation at school](#)
- [The Equality Act 2010](#)
- [Use of reasonable force in schools](#)
- [Supporting students with medical conditions at school](#)
- [Special Educational Needs and Disability \(SEND\) Code of Practice](#)
- Schedule 1 of the [Education \(Independent School Standards\) Regulations 2014](#); paragraph 7 outlines a school's duty to safeguard and promote the welfare of students, paragraph 9 requires the school to have a written behaviour policy and paragraph 10 requires the school to have an anti-bullying strategy
- [DfE guidance](#) explaining that academies should publish their behaviour policy and anti-bullying strategy online

The Aims of Student Behaviour Policy

The school aims to provide a positive ethos, at the heart of which is the development of good relationship among students, staff, parents and the community, where all feel safe whilst at school.

It is the School's expectation that all students will conduct themselves in a responsible manner in all matters affecting the School so that our purpose in Academic Excellence and Building People of Character can be achieved to maximum effect.

The school recognises that behaviour and safeguarding are closely linked. Behaviour incidents involving child-on-child abuse, sexual harassment, sexual violence, harmful sexual behaviour, discriminatory behaviour or online abuse will be managed in accordance with both this policy and the school safeguarding procedures.

This policy aims to:

- Provide a consistent approach to behaviour management
- Define what we consider to be unacceptable behaviour, including bullying
- Outline how students are expected to behave
- Summarise the roles and responsibilities of different people in the school community with regards to behaviour management
- Outline our system of rewards and sanctions

The Management of Student Behaviour

Scope of Student Behaviour Policy

A student is subject to the School's Behaviour Policy and may be disciplined for:

- Any misbehaviour when the student is:
 - taking part in any school-organised or school-related activity
 - travelling to or from school
 - wearing school uniform
 - in some other way identifiable as a student at the school
- Or misbehaviour at any time, whether or not the conditions above apply, that:
 - could have repercussions for the orderly running of the school
 - poses a threat to or bullies another student or member of the public
 - could adversely affect the reputation of the school

Roles and Responsibilities

The governing board is responsible for monitoring this behaviour policy's effectiveness and holding the headteacher to account for its implementation.

The headteacher is responsible for reviewing and approving this behaviour policy. The headteacher will ensure that the school environment encourages positive behaviour and that staff deal effectively with poor behaviour and will monitor how staff implement this policy to ensure rewards and sanctions are applied consistently.

Staff are responsible for:

- Implementing the behaviour policy consistently
- Modelling positive behaviour
- Providing a personalised approach to the specific behavioural needs of particular students
- Communicating the school's expectation, routines, standards and four pillars through teaching behaviour and in their interaction with students
- Recording behaviour incidents

Classroom teachers are able to seek the support of their Head of Department (if subject-related) or Form Tutors can seek the support of their Head of House (if pastoral-related) for significant/persistent issues, who equally can seek the support of the Assistant Headteacher responsible for the relevant Key Stage, who is able to pass significant/persistent issues up to the (Deputy) Headteacher.

Parents and carers are expected to:

- Support their student in showing respect along with the behaviours linked to the four school pillars, adhering to the student code of conduct and supporting the school's authority to discipline its students;
- Inform the school of any changes in circumstances that may affect their student's behaviour;
- Discuss any behavioural concerns with the tutor promptly

The Management of Student Behaviour

Students will be made aware of the following:

- The principle of respect along with associated behaviours which are linked to the four school pillars of Excellence, Integrity, Leadership and Community. These principles have been incorporated into Pillars in Practice summary sheets compiled by staff, students and parents
- That they have a duty to follow the behaviour policy
- The school's key rules and routines
- The rewards they can earn for meeting the behaviour standards, and the consequences they will face if they do not meet the standards
- The pastoral support that is available to them to help them meet the standards

Behaviour Curriculum and School Rules

The principle behind the School rules is not prescriptive, but is one of reasonableness and common sense. They exist to ensure the safety and well-being of all students and the smooth running of the School, including a recognition of the need to take responsibility for your actions. These expectations cover four principal areas.

1. Respect for others: i.e. proper and due respect for teachers and other members of staff; members of the public and visitors; members of your form and other students in School.
2. Respect for yourself: i.e. respect for your own ability, aiming always to do your best and to display positive attitudes to these aspects of School life which you find difficult as well as in those which you find easy, presenting yourself on time, in correct uniform and looking tidy, both in School and when travelling to or from School.
3. Respect for property: i.e. caring for the School and its property, the equipment and furniture you use and other people's possessions.
4. Respect for the School: i.e., recognising that employers, interviewers and members of the public will judge the School and its reputation as a whole by the way they see you behave.

The school aims to create a positive culture based around behaviours which are linked to the four school pillars of Excellence, Integrity, Leadership and Community. These principles have been incorporated into summary sheets compiled by staff, students and parents. The school aims to proactively teach the students what is expected with "above and beyond", baseline" and "what it is not" examples listed to ensure understanding.

Specific School Rules

School rules are for the benefit of everyone; they are a framework to enable the School to operate smoothly and efficiently, to achieve its purpose in a civilised and positive atmosphere. No set of rules can take into account every situation; they are sensible guidelines on reasonable conduct. By their nature, rules are there to restrict

The Management of Student Behaviour

bad behaviour; they indicate the boundaries of what is acceptable, they do not of themselves promote good conduct but by curtailing the bad they create an environment in which the good can thrive.

Reading School believes that in developing strategies for the management of behaviour in school, the policy should utilise both rewards and sanctions. We positively seek the promotion of an ethos and climate where praise and encouragement outweigh the frequency of sanctions, punishment or criticism. Reading School seeks to use rewards to demonstrate that good and outstanding behaviour is valued by all members of the school community and to encourage similar behaviour in others. Reading School believes that sanctions should be used to illustrate the fact that misbehaviour is not acceptable, and to deter other students from acting in a similar fashion.

Students are supported to reflect on their behaviour and time is allocated to enable restorative work for those who fall below expected standards. Staff carefully consider what support can be offered to a student to help them to meet the behaviour standards in the future.

Finally, the breaking of rules leads to some appropriate disciplinary action. There is inevitably a range of severity of offence and disciplinary action, where necessary, reflects this range. Staff may refer to a Summary of Sanctions Framework to make a judgement and also consider restorative measures.

The school may use one or more of the following sanctions in response to unacceptable behaviour:

- A verbal reprimand and reminder of the expectations of behaviour
- Sending the student out of the class
- Setting of written tasks such as an account of their behaviour
- Expecting work to be completed at home, or at break or lunchtime
- Detention at break or lunchtime, or after school
- Loss of privileges – for instance, the loss of a prized responsibility
- School-based community service, such as tidying a classroom
- Referring the student to a senior member of staff
- Letter or phone call home to parents/carers
- Agreeing a behaviour contract
- Putting a student 'on report'
- Removal of the student from the classroom
- Off-site directive
- Internal Suspension
- Suspension
- Permanent exclusion, in the most serious of circumstances

Personal circumstances of the student will be taken into account when choosing sanctions, and decisions will be made on a case-by-case basis, but with regard to the impact on perceived fairness.

The Management of Student Behaviour

Searching and Confiscation

Searching and confiscation is conducted in line with the DfE's [latest guidance on searching, screening and confiscation](#)

Any member of the School's staff is permitted to search a student, with the student's consent, for any item which is banned by the School's rules.

The Headteacher, or any member of staff authorised to do so by the Headteacher, is permitted to search a student or their possessions, without consent, where they suspect the student has a prohibited item, for example:

- Knives or other weapons.
- Alcohol, illegal drugs or any other banned substance, such as tobacco, solvents or Nitrous Oxide.
- Drug use paraphernalia, such as lighters, matches, cigarette papers, a pipe, a bong (makeshift or otherwise) or needles.
- Stolen items.
- Fireworks or any other explosive material.
- Pornographic or indecent images.
- Any item or article that a staff member reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury to, or damage to the property of, any person (including the student).
- Any item banned by the School's rules which has been identified as an item for which a student may be searched.

Any prohibited items found in students' possession will be confiscated. These items will not be returned to students.

We will also confiscate any item which is harmful or detrimental to school discipline. These items will be stored safely in the School Office (named) and returned to students after discussion with senior leaders and parents, if appropriate.

Physical Restraint

Staff may use reasonable force to restrain a student to prevent them:

- Causing disorder
- Hurting themselves or others
- Damaging property
- Committing an offence

Incidents of physical restraint must:

- Always be used as a last resort
- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded and reported to parents

The Management of Student Behaviour

Student Support

The school recognises its legal duty under the [Equality Act 2010](#) to prevent students with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the student.

The school's special educational needs co-ordinator will evaluate a student who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a student, we will liaise with external agencies and plan support programmes for that student. We will work with parents to create the plan and review it on a regular basis.

Behaviour of Boarders

Boarders are expected to adhere to the same behaviour standards as day students. An additional list of behaviours (and the concomitant sanctions/rewards) exists for boarders which relate to behaviour during boarding time. They are displayed in both boarding houses and included in key documentation, such as the Boarding Policies and Practice Handbook.

Related Policies

This Behaviour Policy includes all areas covered by both:

The Management of Student Behaviour

Behaviour Procedures

General

1. Punctual arrival for all School activities is essential. Late arrival for School is recorded in Bromcom. Persistent late arrival will lead to disciplinary action. Punctuality detentions are given for persistent offenders and the ASW is involved.
2. Students should adhere to the School Uniform Policy in school and on journeys to and from school and on all official School events, unless permission is granted by a member of staff for other dress.
3. Lunch for students should be taken in the Refectory or quad area. In years 7-11, only those students who have a parental consent to go home for lunch may leave the School site at lunchtime without the permission of a member of staff. On return those students must sign in at the Student Services. Sixth Formers may only leave the site following the lunch time break at 1.00pm. At other times they need the permission of their Tutor or the Head of Sixth Form
4. Any mobile phone, tablets and any form of electronic device is brought into School entirely at the risk of the owner.
5. Lower school students are not allowed to use their mobile phones during the school day. All students are permitted to use their phones after their final lesson of the day.
6. Mobile telephones must be switched off during lessons (unless authorised for use by the teacher), Assemblies and Chapels. They must never be used for video or still photography in school (unless authorised for use by a member of staff). They must never be used for the display of inappropriate images. Student must abide by the terms of the ICT agreement.

Personal Property

1. The care of all personal property (including money) rests with the student unless handed to a member of the teaching staff for safe keeping. All personal clothing and property should be marked with the student's name.
2. All textbooks and equipment issued to students remain the property of the School. They must be looked after carefully, handed in at the end of the School year or course as appropriate. Any loss or damage must be reported and may be charged for.
3. Theft or interference with others' personal property is treated as a serious offence.

School Property

1. Students are expected to treat school property with care. Any damage, however it is caused, must be reported immediately to a member of staff.

Tutor Rooms

1. Students must only use their own tutor room, unless directed otherwise by a member of staff or in accordance with the timetable.
2. The general state and tidiness of the tutor room is the responsibility of the form.

The Management of Student Behaviour

3. Students may display posters etc. on display boards in their tutor room but only with the Form Tutor's permission. Any material displayed for teaching purposes must not be interfered with.
4. No food or drink is to be consumed in form rooms unless permission is given by the Form Tutor.

School Grounds

All students have a responsibility for keeping the School site tidy and well maintained. In particular:

1. Students may not use the School field for games without the permission of a member of staff.
2. Students must not walk on or around flower beds or shrubs.
3. Students must place all litter in the bins provided.
4. Students must enter and leave the School only by the authorised entrances and exits.

Behaviour

1. Students are not allowed to smoke on the School site or when in uniform. Similarly, students must not have any smoking materials (which includes vaping pens) in their possession at School.
2. Knives or other dangerous implements must not be brought to School.
3. Possession of alcohol, drugs, drugs paraphernalia or other dangerous substances is not permitted and if discovered, could lead to permanent exclusion.
4. Damage to property must be reported to a member of staff immediately. Students found responsible for wilful damage will be disciplined and charged for replacement or repair.
5. Bullying of any type will be treated very severely. This includes harassment, victimisation, and bullying of a physical, online and/or verbal nature of another student for whatever reason, whether by an individual or by a group. Reading School's Anti-Bullying Policy (Policy Number E1) has more detailed information on this topic.

Litter

1. Students are expected to show concern and take a responsibility for the School environment. They must not litter either the site or its environs. Students are expected to clear up after themselves in the Refectory.

Buying and Selling of Articles

1. Students are not allowed to buy or sell articles on the school site – unless authorised as part of a whole school or charity event.

This rule is intended to anticipate difficulties of debt-collection and to eliminate opportunities for the sale of stolen articles. All staff are asked to be vigilant in this regard and to report offenders to Tutors or Heads of House.
