Required for September 2019

TEACHER OF CHEMISTRY

The Governors are seeking to recruit a well-qualified, enthusiastic Chemistry graduate who is passionate about their subject and ready to join a flourishing Chemistry Department consisting of dynamic, committed colleagues.

This post has arisen due to sustained increase in demand for the subject.

With triple sciences taught to all GCSE candidates and 140 A-Level Chemists across eight sets, this role would suit a Chemist with a passion for their subject and the ability to teach up to A-Level. The department has recently moved into a new £4 million teaching block, benefits from a full time technician and a team of five subject specialists.

Chemistry is highly valued by the whole school community, with dozens of students participating in STEM club activities and undertaking work-experience in related fields. The Department enjoys a reputation for outstanding subject knowledge and teaching practice.

Reading School is a most successful 11-18 selective boys' school with a reputation for high standards of behaviour and achievement. Our mission is to develop academic excellence and to build good men, and we consider the values of excellence, integrity, leadership and community to be integral to our success and to our future.

Reading School is committed to safeguarding and promoting the welfare of students and expects all staff to share this commitment. The successful applicant will be subject to a DBS check.

For further details of the post and an application form please contact Headmaster's PA, Caroline Mole on 0118 9015600 or e-mail: headspa@reading-school.co.uk

Closing Date: Monday 25th March 2019

Interviews: Thursday 28th March 2019
