Required for September 2019

TEACHER OF SCIENCE

The Governors of Reading School are seeking to appoint a passionate Science Teacher to join one of the best state schools in the country and inspire our outstanding students. This post has arisen due to sustained increase in demand for Physics and Chemistry.

We would welcome applications from well-qualified, enthusiastic Science graduates or experienced teachers who are ready to work with exceptionally motivated and able students. Our three flourishing science departments each benefit from specialist technicians and a full team of dynamic subject experts, whose commitment, expertise and professionalism are a source of great pride across the school.

With triple science taught to all GCSE candidates and over 300 A-Level students, this role would suit a teacher with a passion for their subject and the ability to teach up to A-Level. We would happily consider applicants with expertise in Physics, Chemistry or Biology; most of our science staff only teach their first subject though some capacity to teach a second science may be beneficial. Science recently benefitted from the completion of a new £3.6 million teaching block, and most lessons are taught in one of 12 laboratories. Each science is highly valued by the whole school community, with dozens of students participating in STEM club activities, around 50% of each sixth form cohort undertaking Science related work-experience and a similar number attending top Universities to study Science.

Our School is a remarkably successful 11-18 selective boys' school with a reputation for high standards of behaviour and achievement. Our mission is to develop academic excellence and to build good men, and we consider the values of excellence, integrity, leadership and community to be integral to our success and to our future. We are committed to safeguarding and promoting the welfare of students and expects all staff to share this commitment. The successful applicant will be subject to an enhanced DBS check.

For further details of the post please contact the Deputy Headmaster Dr Chris Evans by e-mail: cevans@reading-school.co.uk or on 0118 9015600. For a candidate pack and application form click:
