Government Legislation requires all schools to publish the SEN Information Report / Local Offer (clause 65 of the Children’s Act). This report is co-produced by the Headteacher, Governor’s and parents. It is a lengthy document and its aim is to outline the provision that the school provides for children with SEND.

***School to provide a general statement about what the school provides in box below**

General Statement -

Reading School values the abilities and achievements of all its students and are committed to providing, for each student, the best possible environment for learning. Although Reading School is a selective school, there are still a number of students who require support to be able to achieve to their full potential, be happy and confident, and ready for life beyond Reading School.

The Student Support Department operates in accordance with the following principles:

- All teachers at Reading School are teachers of students with SEND.
- All students can achieve their very best.
- All students have a right to a broad and balanced curriculum.
- All students should be able to share in all aspects of the life of the school.
- The department, students and parents should work in partnership.
- Students should be supported to become confident individuals, living fulfilling lives so they can make a successful transition into adulthood
