November 2017

Dear Parent and Student,

**Sixth Form Open Evening
Thursday 30th November 2017
6.30pm – 8.00pm**

I am delighted to invite you to attend the Sixth Form Open Evening on Thursday 30th November.

This evening will provide an opportunity to meet subject staff and have a tour of the school. In addition, you will hear from Mr Robson, current Sixth Form students and myself regarding the Sixth Form admissions process, curriculum options and life in the Sixth Form at Reading School. The talks will take place throughout the evening in Big School. Academic departments will close at 8.00pm when the final talk in Big School will commence.

For those considering a course in Mathematics, there will also be an opportunity to hear from the Head of Maths at 6.40pm, 7.10pm and 7.40pm in the Lecture Theatre.

There will also be an opportunity to discuss options with Heads of each Department.

Please note that last year there was limited space in Big School for the introductory talks by staff, and we therefore ask that if you are told that Big School is full that you take the opportunity to visit departmental areas. Any presentations given will be available on the school website and sent out in the weekly bulletin to parents. Much of the content in the talks in Big School will repeat the information shared at the Year 11 Expectations Evening on 28th September.

We are eager to remind parents that their sons must apply for a Sixth Form place via the form on the school web site which becomes available on 1st December, and is open until 26th January 2018. Movement from Year 11 to Year 12 is not an automatic process.

We look forward to seeing you on 30th November.

Yours sincerely,

Rev C Evans
Deputy Headmaster / Head of Sixth Form

Sixth Form Open Evening Thursday 30th November 2017

Programme

The Headmaster, current Sixth Form students and the Head of Sixth Form will give brief talks throughout the evening in Big School for students and parents about the A level subject options available at Reading School.

Between 6.30pm and 8.00pm, teachers will be available to talk about individual subject options in more detail at the locations listed below. These are drop in sessions, and you are welcome to visit any number of departments that your son is interested in. Sixth Form students are available to accompany you to the departments you are most interested in visiting whilst also discussing their experiences.

Subject	Room	Location
Art	A2	Art, Technology & Maths – Ground Floor

Option Blocks

You may like to know that we are currently offering subjects in the option blocks below. These options blocks are in place to optimise the number of students who are able to study their preferred combination of subjects. We are very happy to move these blocks if doing so increases the number of students who can study the subject combinations that they desire. In general this is easier with smaller subjects than with oversubscribed subjects. If there is a combination of subjects you would like that is currently unavailable, please email: admissions@reading-school.co.uk in the first instance. The option blocks are anticipated to be as follows but are subject to change:

Block A	Block B	Block C	Block D	Reserve Choice
Classical Civilisation	Biology	Art	Biology	In case one of your subjects is oversubscribed or a combination becomes unavailable we ask all students to notify us of a reserve choice that they would be happy to study from Blocks A - D.
Geography	Chemistry	Chemistry	Economics	
Mathematics	Latin	English Literature	English Literature	
Maths & Further Maths*	Computer Science	Geography	French	
Maths & AS Further Maths*	Economics	German	Further Maths	
Theatre Studies	History	Music	History	
Extended Project – AS	Mathematics	Physics	Physics	
	Extended Project - AS	Spanish	Extended Project - AS	
		Extended Project - AS
