

This year once again saw Reading School being entered for the United Kingdom Linguistics Olympiad [a series of high-end stretch and challenge logic problems through the medium of real, but unfamiliar, languages], which had seen huge national successes the previous year at all levels. All students in Yr7-11 were entered along with all linguists (French, German, Spanish or Latin) in Yr12-13. Yr7-9 are Foundation Level, Yr10-11 are Intermediate Level and Yr12-13 are Advanced Level. The languages in this year's competition were: Lithuanian, Bulgarian, Fijian, Gilbertese, Icelandic, Vietnamese, Northern and Central Pame, and Albanian.

The extremely impressive results are as follows:

Advanced Level results (Yr12-13 linguists): 6 Gold, 3 Silver and 11 Bronze

(In the United Kingdom only 16 progress to Round 2 – Huge congratulations to Edmund Lea who was one of those!)
